Whole-Home Measurement Sheet

Use one row per location. Use centimeters throughout and note the endpoints and measurement conditions. Add another row for a tighter point near the hardware if needed.

Date: _____ Name / household: _____

Room / spot	Outer W (cm)	Opening (cm)	Depth (cm)	Height (cm)	Measurement notes
Entry A	90	80	32	95	Door open at hinge

The first row is a filled example.
